## **Criminal Lawyers' Association Applauds Ontario Liberal's Platform Commitment for Legal Aid Ontario**

**May 26, 2014 – Toronto** – The Criminal Lawyers' Association (CLA), the professional association representing criminal defense lawyers, is pleased with the Ontario Liberal Party's commitment to raise the income eligibility cutoff to increase access to legal aid services, and ensure legal representation for Ontario's most vulnerable citizens.

"We applaud the Ontario Liberal Party for confirming their support for Ontario's legal aid system, for the right to counsel of choice through increased certificates, and for Ontario's most vulnerable," said Anthony Moustacalis, President of the Criminal Lawyers' Association. "By doubling the eligibility threshold for legal support, an additional one million Ontarians will qualify for legal aid services. We know from experience that legal aid is an important factor in access to justice for those with limited means who find themselves in the criminal justice system. By following through with the 2014 Budget commitment of an additional 75,000 legal aid certificates for low-income Ontarians at full implementation, the Liberal Party is helping to meet the real needs of the vulnerable through Legal Aid Ontario's certificate program, which gives clients the right to counsel of choice."

Through Legal Aid Ontario's certificate program, vulnerable Ontarians in the criminal justice system are given the opportunity to choose their own lawyer to best represent them. This right to 'counsel of choice' is important to ensuring that Ontarians with very limited means have the ability to choose legal counsel that can best represent their interests. Often, this can include Aboriginal People and those suffering from mental illness – those who are most in need of effective representation.

"While this commitment will provide much-needed funding to Legal Aid Ontario, more work is required to ensure that Ontarians who are of very limited means have the ability to access the best lawyers possible through the legal aid

system,” continued Moustacalis. “The Criminal Lawyers’ Association encourages all parties to continue working with the CLA and other stakeholders to ensure that these Ontarians have access to the right to counsel of their choice through the private bar, which serves as the foundation of Legal Aid Ontario.”

Criminal lawyers are an integral part of Ontario’s legal aid system, and provide high-quality legal services to lower-income Ontarians in a cost-effective and efficient manner. The CLA has long been active in the debate about the importance of a strong, independent and well-funded legal aid program and the ability of CLA members to provide pro bono services as part of their commitment to social justice.
